

What we do

Ravenswood Road works effectively with adults affected by their use of alcohol or other drugs, including those who have misused prescription drugs.

We offer an evidence-based residential programme run by a highly-qualified and supportive staff team. Our flexible 12-to-24 week programme includes:

- Weekly keyworking with qualified counsellors
- Individually-tailored care plans
- Cognitive Behavioural Therapy (CBT) treatment, embedded in eclectic approach
- 24-hour staffing
- Structured groupwork programme
- Aftercare service
- Access to education, training and employment opportunities
- Random testing
- Dramatherapy

Ravenswood Road is a registered care home providing a flexible residential programme for adults recovering from their use of alcohol or other drugs.

Rated 3-Star (Excellent) by CQC, this modern, purpose-built scheme in the heart of Walthamstow, London is open to clients nationwide.

Who we help

We offer support to adults over 18 years who want to recover from problem alcohol or drug use.

Our service is open to residents from anywhere in the UK including those requiring disabled access. We also welcome individuals who have a dual diagnosis or other complex needs, including those within the criminal justice system.

How we work

Living together, Ravenswood Road residents share the impact alcohol or drug use has had on their lives and how they are managing to change previously unhelpful behaviours. Residents are offered the opportunity to address underlying causes in a safe, supportive environment.

Referral

To access our service or to refer someone to us you can contact us by phone, fax, letter or e-mail. You can also download a referral form from our website.

We aim to assess all potential residents within 48 hours. Please note that our residents must be fully detoxed prior to admission.

FOUNDATION66

Foundation66 works creatively with individuals, communities and policy makers to achieve **positive change** and reduce the harm caused by problem alcohol and drug use.

Each year we support around 6,500 people through a range of integrated services – from street outreach through to residential rehabilitation and supported housing – across eighteen London boroughs.

Foundation66 was formed from the 2009 merger of ARP and Rugby House, bringing together **66 years of experience** delivering quality alcohol and drug services.
